

Annex F. Photographs

F.1 Test Sample

S01: Front  A photograph showing the front of a closed black laptop, model S01. The laptop is placed on a white surface with a black TOLSEN ruler behind it. The ruler has markings in centimeters and inches. The laptop lid has a "chromebook" logo on the left and a "LENOVO" logo on the right. A small white label is visible near the bottom center of the lid.	S01: Back  A photograph showing the back of a closed black laptop, model S01. The laptop is placed on a white surface with a black TOLSEN ruler behind it. The ruler has markings in centimeters and inches. The back of the laptop features a large, rectangular, textured ventilation grille in the center. A small white label is visible near the bottom center of the back.
S01: Laptop  A photograph showing the front of an open black laptop, model S01. The laptop is placed on a white surface with a black TOLSEN ruler in front of it. The ruler has markings in centimeters and inches. The laptop is open, showing the keyboard and the screen. A small white label is visible on the palm rest area.	S04: Laptop  A photograph showing the back of an open black laptop, model S04. The laptop is placed on a white surface with a black TOLSEN ruler in front of it. The ruler has markings in centimeters and inches. The laptop is open, showing the keyboard and the screen. A small white label is visible on the palm rest area.
S04: Front  A photograph showing the front of a closed black laptop, model S04. The laptop is placed on a white surface with a black TOLSEN ruler behind it. The ruler has markings in centimeters and inches. The laptop lid has a "chromebook" logo on the left and a "LENOVO" logo on the right. A small white label is visible near the bottom center of the lid.	S04: Back  A photograph showing the back of a closed black laptop, model S04. The laptop is placed on a white surface with a black TOLSEN ruler behind it. The ruler has markings in centimeters and inches. The back of the laptop features a large, rectangular, textured ventilation grille in the center. A small white label is visible near the bottom center of the back.

F.2 Test positions

Laptop Position	Laptop Position – Side View
	

F.3 Antenna host platform location and adjacent edge positions relative to the body

All information (diagrams, values and dimensions) in this section are provided by the manufacturer

Antenna Host Platform location	Laptop Mode
 The diagram illustrates the vertical and horizontal placement of the antenna host platform. It shows two 220mm vertical segments, a 5.7mm horizontal offset for the 'Main' antenna, and a 6.2mm vertical offset for the 'Aux' antenna.	 The diagram shows a person using a laptop. The 'Main/aux antenna' is located 220mm from the top edge and 220mm from the side edge. The distance from the bottom edge to the antenna is 8.45mm.

F.4 Phantom liquid level during measurements

ELI phantom Body liquid SAR Dasy SPEAG MBBL600-6000V6 Batch -160630-01
