Ref: FCC Class II Permissive change for FCC ID: **PD9AX201NG**

Dear Examiner,

This is to request a Class II permissive change for module approval FCC ID: **PD9AX201NG**, originally granted on **01/28/2019**.

Change #1: This change establishes portable category SAR conditions for the Dell model P171G Regular PC with WNC 81EABW15.G17 and 81EABW15.G18 antennas.

The WLAN TAS feature is enabled. The exact same WLAN authorized modules are reused in this notebook with the exact same TAS algorithm validation methods for time averaging SAR as approved by FCC.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven C. Hackett", written over a horizontal line.

By:

Steven C. Hackett
