Ref: FCC Class II Permissive change for FCC ID: **PD9AX211D2**

Dear Examiner,

This is to request a Class II permissive change for module approval FCC ID: **PD9AX211D2**, originally granted for DSS, DTS, UNII on **02/26/2021**, for 6XD on **04/26/2021** and for UNII-4 on **3/28/2022**.

Change #1: This change establishes portable category SAR conditions for the Dell model P178G notebook PC with Wistron 0DDJJC and 0DDJJC antennas.

The WLAN TAS feature is enabled. The exact same WLAN authorized modules are reused in this notebook with the exact same TAS algorithm validation methods for time averaging SAR as approved by FCC.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven C. Hackett", written over a horizontal line.
