Ref: FCC Class II Permissive change for FCC ID: PD9AX211NG

Dear Examiner,

This is to request a Class II permissive change for FCC ID: PD9AX211NG, originally granted on 04/26/2021. Since the C2PC with the host: RC57 has been certified in the DSS, DTS and NII grants (data of grant: 12/17/2021), this time applies for 6XD grants only.

The major change filed under this application is:

Change #1: Additional Chassis added, Intel, model number: **RC57**.

Change #2: Reduce the Output Power through firmware, and SAR measurement were evaluated. (Only reduce Wi-Fi Output Power, Bluetooth Output Power haven't changes).

Change #3: Addition one antennas, the antenna type is same, the antenna gain is higher than the original application.

Sincerely,

By: Steven C. Hackett
