

3. Setup photo

Technical drawing of a mechanical assembly, likely a pump or motor component, showing various parts and dimensions. The drawing includes a cross-section view (TX1) and a side view.

Key Dimensions and Labels:

- TX1:** A cross-section view of a component, showing internal features like a shaft (15) and a housing (8, 7).
- Dimensions:** Numerous dimensions are provided, including overall lengths (e.g., 18.3^{+0.5}, 14.45^{+0.1}, 12.95^{+0.1}), diameters (e.g., 2-Ø16.0, 2-Ø11.3), and radii (e.g., R1.0, R0.5).
- Material and Surface:** Labels like "white/LLS" and "white/LLS" indicate surface treatments or materials.
- Assembly Details:** The side view shows a shaft (18) passing through a housing (11, 15, 14, 13, 12, 4, 5) with various seals and fasteners (e.g., 16, 17, 19, 20, 21, 22, 23, 24, 25, 26, 27).
- Other Labels:** "WWAN 6", "S NMM", and "C" are also present.

Include the dimensioned photo and drawing of Aux antenna here.

Ant2 Antenna Drawing:

Ant2 Antenna Photo (Front/Back):

Section 4. Antenna Host Platform Location Information

Include a **dimensioned photo(s) or dimensioned drawing(s)** of Ant2 and Ant1 antenna placements (measurements are not required for receive-only antenna).

Any antenna that transmits must show dimensions to bottom of laptop. Provide a description of the materials that are used for supporting or surrounding transmit antennas; for example, non-conductive plastics vs. conductive coated plastic or metallic materials.

Section 5. Antenna dimensional information for SAR evaluation

Include a **dimensioned photo(s) or dimensioned drawing(s)** showing the distance (mm) between the transmit antennas and the user. For notebook/laptop hosts show lapheld position (example below). For tablet hosts show all orientations including lapheld, primary & secondary portrait, primary & secondary landscape positions. Include a description of any proximity sensors or power throttling implementations that limit or exclude use of any host orientation.

Section 6. Diagram Example of Co-Location Antenna Separation

Include a **dimensioned photo or dimensioned drawing** showing the distance (mm) between all WLAN transmit antennas and other co-located radiator transmit antenna such as Bluetooth, WWAN,..
