

## Operational Description

This enclosed following is to describe the operation of EUT, the wireless microphone FCC ID: *PDMWM-2000* manufactured by *Guangzhou Bai Yun New Century Factory*.

### **System**

Range of frequency	188.991MHz
Frequency response	40-15000Hz( $\pm 3$ dB)
Signal to noise radio	80dB
Operating temperature	0°C-45°C
Distortion factor	<=0.5%
Effective field	30M

### **Microphone**

Modulation	FM
Emission power	0.02mW
Frequency deviation	2kHz
Antenna	built in
Power supply	DC 9V
Battery life	10-30hours

### **Accessories**

1. Two-end socket signal cable 2pcs
2. Operating instructions 1pc
3. 9V battery 2pcs
4. Certificate of Warranty 1pc
5. Certificate of Qualification 1pc
