- USB charge support, easy for operation.
- AUX-in also bring good performance in sourcing music device connection.
- Hands free phone call mode.

### **Product Specifications**

- Dimension & Weight

Dimension: 98.5mm (W)\*74.5mm (D)\*67.5mm (H)

Weight: 270g± 5% for speaker body

- Standard Battery: Built in rechargeable 800mAh Lithium battery

- Music playtime: Max 6-8 hrs(based on 50%-70% voice volume)

- Charge condition:

Charge time: 3-4 hours

Power input:DC 5V/500mA.

### **Speaker Specifications**

- Diameter: 2 inch
- Impedance: 4Ω
- Power output: 3W
- dBSPL:80 ± 3dB 1W/M

### **Wireless function**

- Frequency: 2.402-2.480 GHz

- Max transmission power rate: 2 grade, 4dBm
- Receiving sensitivity: -82dBm
- Transmission distance: within 10 meters
- Data transmission rate: 3Mbps

### **Package & accessories**

- QUICK START GUIDE
- Bluetooth Speaker
- USB cable
- Audio cable
- Instruction manual
- Warranty card

### **Points to keep your Bluetooth energetic**

- The hands free function can only be worked in the Bluetooth mode.
- The Bluetooth speaker has a anti signal disturb design, but it will still be interrupted by the high frequency device or within electromagnetic field. Avoid to put it in such kind of environment.
- Different user port will make difference on the transmission distance. Please use the qualify Bluetooth port.
- Some cell phone music player device does not have smooth cache, and it will be a slightly "POP" tone when pause, it's a normal sound.
- The disconnection of Bluetooth is not a real time operation, and it will be a few seconds delay from the cell phone operation.
- When Bluetooth match is failed, delete other Bluetooth device in the connection list, restart the Bluetooth speaker and search the signal again.
- If speaker makes a loud electronic noise, or when charging by USB port, the red, green, blue indicator light flashes in turn, please check for the battery shrapnel, or if any damage in the battery.
- It must install a Bluetooth media player in the computer when PC using the Bluetooth speaker.
- **Please pull out the AUX-in cable before connecting to the Bluetooth speaker, to make**

**sure the connection is correct.**

- The speaker sound effect is affected by battery capacity, cell phone performance and input media source quality. If noise, user can download some “0dB” music for test in AUX-in mode, in the distance of 1m.
- If speaker will not be used for a long time, please keep charge once per month, to avoid the over-consumption of the battery to damage the speaker.
- Do not put the speaker in an extreme cold, hot, wet or dusty environment, or it will be damage to the function and device.
- Do not use the speaker in an extreme dry environment, to avoid the static damage.
- Do not put the speaker into water or fire.
- Do not scratch the speaker to protect the interface and battery.

**Thanks for using Our Bluetooth speaker  
Enjoy music, enjoy life!**

## FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

## FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body
