July 17, 2013

To whom it may concern:

We, (Xetawave, LLC) hereby request a Class II permissive change be granted for FCC ID: PEJ-93829238-MSD9 to add 12.5KHz channel bandwidths.

We performed testing and confirmed that the RF section of the transmitter, frequency range and power levels are electrically identical to the module that was previously tested and granted approval under FCC ID: PEJ-93829238-MSD9.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Campbell".
