Letter for the Permissive Change

17-Aug-2016

To Whom It May Concern:

This letter is providing the additional information for the Permissive Change application. The model 650, 651, 652 is based on the previously original certified model 650. The following component has been changed:

Main PCB – Revise PCB cut out for a power supply component to improve production efficiency. The model 651 and 652 are the same as 650 in electronic part. The only different between 650, 651 and 652 are the outlook. Model 652 just remove one USB connector only

All design including electronic, electrical and construction remain the same except the above mentioned. The above specified change is not intended for maximum power.

Sincerely,

Steve Lam
Senior Engineer Manager
