IC: 5226A-65250301

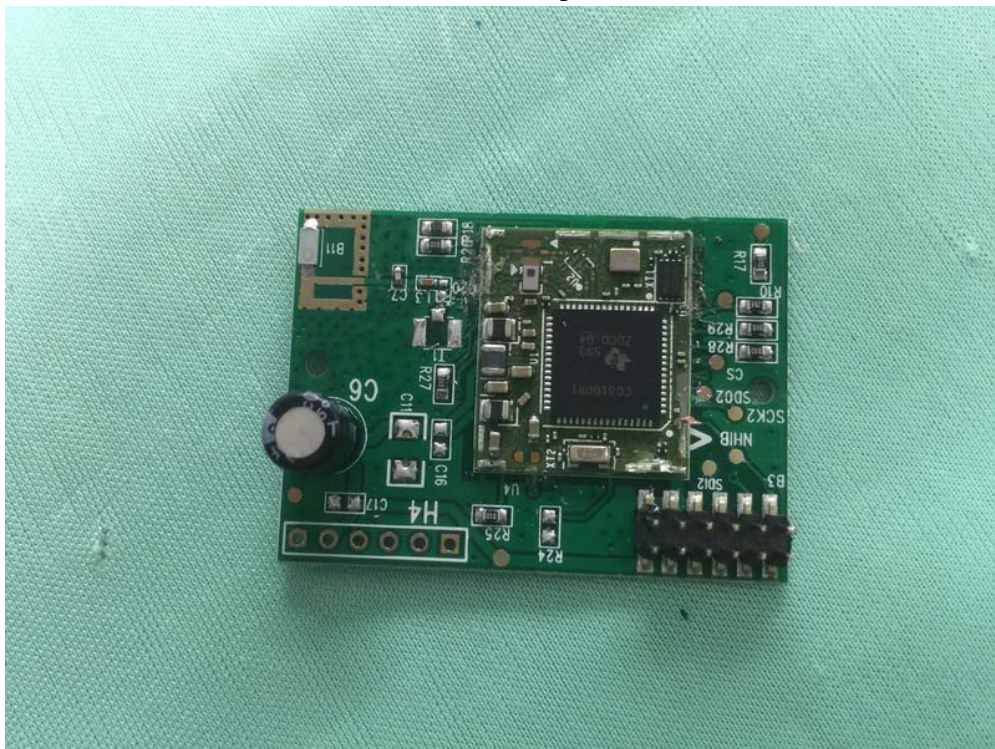

IC: 5226A-65250301

The image shows the internal components of a handheld electronic device. The top half is the back cover, which is black and contains a large battery pack on the right and a circular component (possibly a speaker or microphone) on the left. The bottom half is the internal circuit board, which is green and populated with various electronic components. A small display is visible on the left side of the board. A green PCB labeled 'A30C5' is connected to the main board. The device is resting on a light green surface.
