REQUEST FOR CONFIDENTIALITY

Littlefeet, Inc. is a start up company with an innovative design that will soon be offered for sale to the Telecommunications Industry. The documentation submitted to the FCC for Product Certification under 47CFR Part 24, describes and illustrates our design for a product that has patents that are still pending and are considered trade secrets. In the competitive world of Telecommunications making those trade secrets available for public inspection would cause our company considerable financial harm.

The documentation considered confidential is attached to Form 731 for PFVBSPIICE001, EA99742

Confidential material is contained within the FCC test report identified as FR1526 prepared by Garwood Test Labs. The items we request to be held as confidential are:

page 10, titled Circuit Block Diagram bSPICE

page 11, titled Circuit Block Diagram cSPICE.

photos submitted and identified as bSpice interior and bSpice electronics

document identified as Operations Manual
