Overview

Welch Allyn, Inc is seeking a full modular approval of their 802.11b/g/n radio, model WATY under FCC ID PGUVS100. The radio supports Bluetooth 3.0 + HS and FM receiving but these features are not implemented for this application. The module will only be installed in Welch Allyn products.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

A letter listing the applicable modular requirements was submitted.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.

Signature

A handwritten signature in blue ink, appearing to read "Dave Tolman", is written over a white rectangular background.
