ANATOMY

- On / Off Switch & Indicator Light
- Built in Microphone
- 3.5mm Audio Input
- Micro USB Charge Port

- Volume / Track Control
 - Raise Volume by pressing >>
 - Lower volume by pressing <<
 - Skip forward by holding >> for 1-2 seconds
 - Skip backward by holding << for 1-2 seconds
- Multi-Function Button: Music / Calls / Pairing
 - Press once to Play / Pause OR Answer / Hang up
 - Hold down for 6 seconds to enter pairing mode

For best results, fully charge your Turtle Shell before use. For a Full Charge, plug the Turtle Shell into your wall charger or computer via micro USB cable.

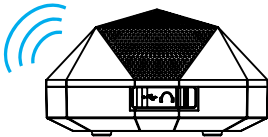

Indicator Light - Battery Alerts

- Flashes RED - Low Battery
- Steady WHITE glow - Fully Charged

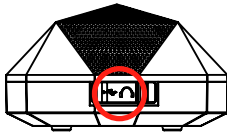

NOTE: It takes 2 hours to give your Turtle Shell an 80%charge. A full charge takes 2.5 hours.

Connect Wirelessly via Bluetooth or via 3.5mm Stereo Input.

Bluetooth
(Wireless audio)

3.5mm stereo input
(Wired audio)

When using the Turtle Shell as a speakerphone, please note that the built-in microphone only works while connected via Bluetooth.

Your Turtle Shell can wirelessly stream audio from any Bluetooth device up to 30 feet away.

PAIR

Enter Pairing Mode

1. Press and hold the multi-function button for about 6 seconds
2. Wait for the indicator light to flash RED and BLUE.
3. Release multi-function button, you are now in pairing mode.

Prepare your phone or device - Turn on Bluetooth.

iPhone, iPod, or iPod: Settings > General > Enable Bluetooth

Android: Settings > Wireless & Networks > Bluetooth Settings

Blackberry: Settings / Options > Bluetooth > Enable Bluetooth

Other Cell Phones: Review the instruction manual that came with your phone, or Google it.

**HOLD FOR 6 SECONDS FOR
PAIRING MODE**

**Pair**

Go to your device's Bluetooth settings
ADD or SEARCH devices. When "OT Turtle Shell" appears, select it.

*If asked for a pass code: Enter "0000"

**Plug & Play** - 3.5mm stereo line in

No Bluetooth? The Turtle Shell also connects via 3.5mm stereo input.
Play audio from any device with a headphone jack or audio output

LISTEN

The Turtle Shell is built to go anywhere, but for optimal sound quality follow the steps below.

- Make sure Turtle Shell is resting on its base and facing upwards.
- When connected wirelessly via Bluetooth, it's best to turn the volume on your phone/device fully up and then use the volume control (<< / >>) on the Turtle Shell.
- When connected via 3.5mm stereo input, your phone/device may distort the audio signal if turned up too loud. Turn down the volume on your phone/device before adjusting the volume on Turtle Shell.

The built in microphone means that the Turtle Shell can be used as a wireless speakerphone. Just speak in the direction of the top grill.

*NOTE The built-in microphone only works when connected via Bluetooth.

Answer or End a Call: Press the multifunction button to answer and end a call.

Decline a Call: Press and hold the multifunction button for 2 seconds.

Make a Call: Use your phone to dial as usual. Listen and talk through the Turtle Shell.

Redial Last Number: Press the Main Function Button twice.

Mute: Hold the >> and << Buttons for 2 seconds, or until you hear a beep.

Simultaneous Calls: To answer another call, just press the multifunction button.

SPECS
