Federal Communications Commission  
445 12th St. S.W.  
Washington DC 20554

**Subject: Request to withhold information: schematics, internal photos and diagrams from public disclosure**

We, **Audisoft Technologies**, would like to request that information: schematics, block diagrams and internal photos submitted as exhibits with our applications (**FCC ID PH9TX01**) for certification be removed from public disclosure as per Section 0.459 of FCC Rules.

**Certification:** FCC ID: PH9TX01  
Name of grantee: Audisoft Technologies  
Equipment Class: Part 15 Low power Communication Device Transmitter  
Note: Audio/video transmitter for hearing impaired

**Internal photos:** We normally remove (scratch) the manufacturer identification and part number from the important electronic parts. The internal photos submitted to FCC were done on PCBs showing manufacturers and part numbers. A competitor could use this information displayed on the Internet.

**Schematics and block diagrams** are strictly confidential and are restricted only to specific employees of Audisoft.

This request is made under the provisions of Section 0.457 (d) of the Commission's Rules, and Section 552 (b)(4) of the Freedom of Information Act. These sections authorize withholding from public inspection:

- Materials which would not be privileged as a matter of law if the material are considered confidential by the person submitting them, and;
- Materials that are not customarily released to be public by that person.
