Subject: Change to form 731
FCC ID: PII-VSUB075-1

To Whom it May Concern:

The form 731 for device PII-VSUB075-1 has just been submitted. This submission is for a modular approval. Although we have submitted an attachment showing compliance with the modular requirements, we neglected to put the word module on form 731. We are aware that the word module must show up on the grant, therefore; we are requesting that the word module be added to the description of form 731.

Thanks,
