Letter for the Permissive Change

Date: May 23, 2011

To Whom It May Concern:

This letter is providing the additional information for the Permissive Change application. The model: T9484 are based on the previously original certified model: T9484. The following component has been changed:

Changed Schematic, PCB layout and PCBA (add C11 0.1uF for filtering).

All design including electronic, electrical and construction remain the same except the above mentioned. The above specified change is not intended for maximum power.

Sincerely,

A handwritten signature in black ink, appearing to read "Y.C. Wong", written over a horizontal line.

Name: Wong, YC
Title: Sr. Mgr Electronic Engineering
