Dear Sir

Subject: Applications for FCC Certificates of Approval for rebranding of Raymarine Quantum solid state radar

Please find enclosed the FCC application for the rebranding of the Raymarine solid state radar to Humminbird HB 2124 Chirp Radar. The intended use is on non-IMO leisure craft and small workboats.

Reference 47 CFR Part 2.933, the only change to the unit is the label (Part number and FCC ID) and branding on the outside of the unit, there is no change in design, circuitry or construction of the radar.

Due to the change in FCC ID from PJ5-QUANTUM, dated 10th Feb 2016 to PJ5-HB2124 this application has been raised. Please use all the documents from the original application, a new set of external photographs are enclosed with this application.

If you have any queries regarding the application, please contact myself or Mike Thompson on the following:

Andy Little	andy.little@raymarine.com	01329 246897
Mike Thompson	michael.thompson@raymarine.com	01329 246700

Yours faithfully,

Andrew Little BEng (Hons) CEng MIET MIEEE,
Compliance Manager.
