Subject: Report for Frequency band about KT-5010	

FCC ID : PK8KT-5010

We received your E-mail and tried to confirm a FCC approval document.

According to your indication, we modified the frequency of our product to 104 ~ 107.9 MHz, and user manual frequency was modified to 104 ~ 107.9 MHz too.

When consumers use product, we will manage so that can use in 104 ~ 107.9 MHz .

And please refer to attached file.

Thank you for your cooperation.

Best Regards.
