ATTN: Certification Lab

Subject: Class II Permissive change for FCC ID: PKRNVWE362-H (Grant date: November 24, 2010)

To whom it may concern:

Novatel Wireless is submitting an application for Class II Permissive Change to the Mini-PCIe wireless WAN card, model E362 (FCC ID: PKRNVWE362-H). This product was originally certified by the commission on November 3, 2010 under FCC ID: PKRNVWE362.

There is no hardware or electrical modifications made to the approved modular transmitter itself. The details of the platform have been outlined in KDB inquiry number 459226. This permissive change is to allow for co-location with the authorized devices described below.

The changes filed under this application are:

- Adding HP host notebooks model number HSTNN-F05C (portable configuration).
- The E362 module will be collocated with the following WLAN modules; QDS-BRCM1050, PPD-AR5B95-H, QDS-BRCM1051, and VQF-RT3090BC4 (with Bluetooth).
- The host integration details have been provided in the 'Host Authentication' document filed under the 'Theory of Operations'.

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

Todd Gallagher
Manager – Regulatory Engineering
