Columbia, MD 21045

Subject: Novatel Wireless Inc.
FCC ID: PKRNVWMC551
Class II Permissive Change
Original Grant Date: November 18, 2010

Dear Sir:

Transmitted herewith, on behalf of Novatel Wireless is an application for a Class II Permissive Change certification of the MC551 Cellular/PCS CDMA USB modem with EvDO and LTE capabilities.

The device is identical to the previously certified MC551. This Class change is being requested to add a cable to the ancillary equipment shipped with the USB modem. This cable will be sold and shipped with the product. Please refer to KDB inquiry number 498624.

The following documents have been included in support of this request:

- Modified user guide
 - Revised page 2 to include the cable in the package contents
 - Added page 15 to include installation instructions.
- Revised SAR report

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

Todd Gallagher
Manager / Regulatory Engineering
Novatel Wireless Inc.
