Re: FCC Regulatory Work  
Our Ref.: 12905-002001

Dear Randy:

As we discussed, I am providing you with information concerning applications for equipment authorization pursuant to §2.933(b) of the Commission's Regulations for two products that will be manufactured by Krohne, Inc. for AMETEK Drexelbrook.

The address and contact information for AMETEK Drexelbrook is as follows:

Attention: Don Koeneman - *Product Manager*  
AMETEK Drexelbrook  
205 Keith Valley  
Horsham, PA 19044  
(215) 674-4375 ext. 2223  
(215) 674- 2731 (Fax)  
[don.koeneman@drexelbrook.com](mailto:don.koeneman@drexelbrook.com)

AMETEK Drexelbrook intends to market fluid level measuring devices, the DR 22X0 and DR 3X00. These devices are manufactured by Krohne America Inc. as Krohne's model BM 702 and BM 70, respectively. Krohne received a grant of equipment authorization from the FCC for BM 702 (FCC ID JH5BM702) on October 11, 2000, and for the BM 70 (FCC ID JH5BM70), on February 2, 1993.

Krohne will continue to manufacture these devices and will sell them to AMETEK Drexelbrook. According to AMETEK Drexelbrook, other than labeling, the radar devices will not be modified in any way from the equipment authorized in the original grants to Krohne. The original test results are representative of and applicable to AMETEK's products.

Attached to this letter are photographs showing the exterior appearance of the equipment, including control features and labeling. Also attached are the original Krohne equipment authorization grants.

We respectfully request that new FCC identifiers be issued for the devices that will be sold under AMETEK's trade name. Please send all bills to Fish and Richardson. Please let me know if you have any questions or desire any further information.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Bob", written in dark ink.
