To Whom It May Concern:

As an officer of Raylink, Inc. I attest that the following statements are true and correct:

- (1) That the Raylink WISP PC cards are products designed to provide wireless data communications via the use of specifically designated PC cards, cables, and antennas
- (2) That the parts described in (1) have been tested by an FCC-approved lab and found to be in compliance with all applicable regulations
- (3) That the WISP products will be marketed to professionals in the wireless data communications industry and are not intended for sale to the general public
- (4) That the following pages, or reasonable facsimiles thereof, will be included in the WISP owners' manual and/or installation guide in order that customers be aware of the intended use, approved accessories, and consequences for misuse of the Raylink WISP products.

Sincerely,

A handwritten signature in black ink, appearing to read "V.L." followed by a stylized surname.
