Gentlemen:

The Application for CLASS 2 Permissive change for this transmitter governed under part 90 (Land Mobil Radio Service) has been completed. The unit was granted and the grantee has requested to add the part 95 certification to the grant. The 731 form and required information have been electronically submitted and any attachments will be up loaded to your web site. Please use this information in obtaining a class 2 permissive change for the certificated equipment. There have been no changes made to this equipment either electrically or mechanically and still representative of the equipment originally submitted and granted certification.

Should you require any further information, please contact the undersigned.

Thank you for your consideration in this matter.

Sincerely,

*Scot D Rogers*
