Dear Mr. Coperich:

With reference to your request of 7/5/01;

1. On the 731 form, the frequency tolerance should have been listed as 5 ppm.  
Please correct it.
2. The output power has been corrected in the user's manual and uploaded to the file.
3. I've uploaded a list of channels.
4. I've uploaded a new audio low pass filter plot.

Should you have any questions or require any further information, please advise.

Regards,

Sharon A. Hoffman  
TIMCO ENGINEERING, INC.
