Limited Modular Approval Application FCC ID : PMN-SL58P

Peek Traffic is submitting this application for limited modular approval of our model SL58-P inductive loop detector card. This user accessible, plug-and-play replaceable card is only for installation within a host device manufactured by Peek Traffic.

It will be used in Peek Traffic host model: ADR Sabre. This host has been used for demonstration of compliance in this application.

It is understood that this approval is based upon compliant operation when installed in this specific host.

A handwritten signature in black ink, appearing to read "Michael Hobbs", with a long, sweeping horizontal line extending to the right.

**Michael Hobbs
Vice President of Operations**
