**Subject: FCC ID: PN2-STC1**  
**Model Differences – SmartTouch Non-Rechargeable**

The model number for this product is currently NF0054. This model number will be changing sometime in the next 3-6months to NF0091. The product is identical to the existing model (NF0054), the only difference being a new model number.

Labels have been included in the application for both the current model number (NF0054) and the updated model number (NF0091).

Best regards
