

AHD1206-244ST01

1. Features

- a) Small Sizes and low profile
- b) Wide frequency range

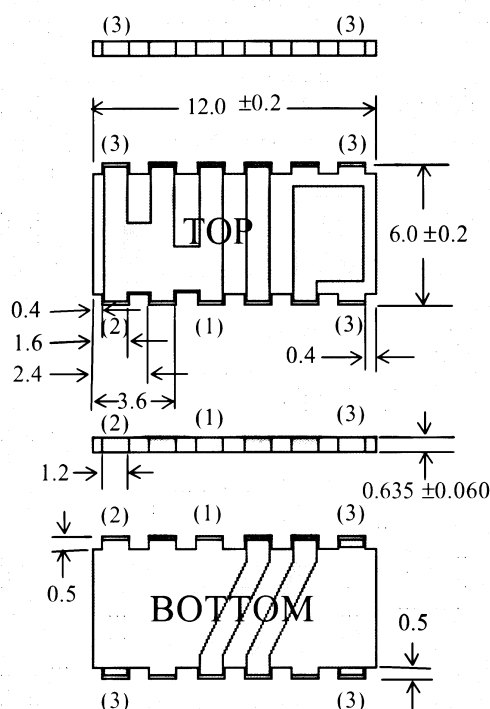

2. Specifications

Type	AHD1206-244ST01
Dimensions	12 × 6 × 0.64 mm
Operating frequency	2400 – 2484 MHz
Operating temperature	-25 - +85 °C

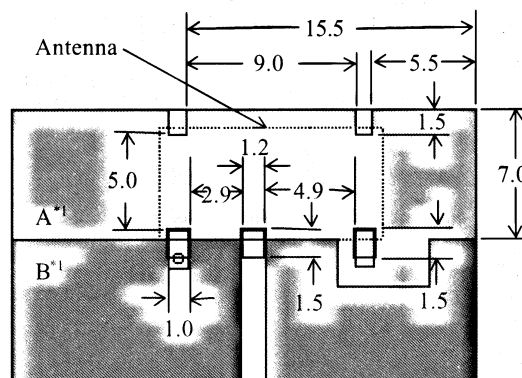

3. Characteristics (Reference)

Bandwidth in VSWR ≤ 2	200 MHz
Gain –peak-	0 dBd
Gain –average-	-6.2 dBd
Radiation Efficiency	39 %

4. Dimensions

5. Recommended land pattern

*1 We recommend to make ground plane on area 'B'.
You may not make ground plane on area 'A'

*2 Please connect this land to the ground with thru holes.
