SUBJECT: Withus IT Co., Ltd.
FCC ID: POQWCE-210
FCC E911 Requirements Per §22.921

Gentlemen:

Withus IT Co., Ltd. hereby certifies that the WCE-210 analog cellular telephone, using the Automatic A/B Roaming – Intelligent Retry method, meets the E911 requirements specified in Section 22.921 of the FCC Rules. This procedure recognizes when a “9-1-1” call is made and, at such time, will override any programming in the mobile unit that determines the handling of a non-911 call and permit the call to be handled by other analog carriers.

Should you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jong-Hoon Kang', written over a horizontal line.

Jong-Hoon Kang
