Columbia, MD 21046

Attention: OET Dept.

Reference: FCC Class II Permissive change for FCC ID: PPD-QCA9008-TBD1 (Original Grant

date: 8/17/2015)

Applicant: Qualcomm Atheros, Inc.

Dear Examiner,

With this letter, we request for a Class II permissive change for FCC ID: PPD-QCA9008-TBD1, originally granted on 8/17/2015.

The major change filed under this application is:

- To change the module certification to portable category for the ACER notebook computer model N15W8

A maximum EIRP measurement report from a third party lab has been provided with the technical documentation showing that the EIRP in the host device is below the EIRP measured in the original modular approval.

The application is for equipment class DXT (60 GHz) only. A Class II Permissive Change for other composite parts is not being submitted as the antennas installed under conditions of the original filing.

Sincerely,

A handwritten signature in black ink, appearing to read "Caroline Yu".

Caroline Yu, Global Product Compliance
