June 14, 2005

RE: FCC ID: ATCB002498
Attention: Thomas Reitmayer

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that there are two reports that provide ERP values. One report is dated June 2005 while the other is dated May 2005. The report dated May 2005 (V8) states it is for a single band device (see page 2) but reports power for both the 800MHz and 1900MHz band. The report dated June 2005 (V7) states triple band. The letter stating the variants states that the only variant is color. Please explain and correct as necessary.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
