

# **FCC ID: PSN5103-TX27**

## **Technical Description :**

The brief circuit description is listed as follows :

- XTAL, Q1 and associated circuit act as 27.145 MHz Oscillator.
- IC1 and associated circuit act as Encoder.
- Q2 and associated circuit act as Amplifier and Modulator.
- Forward, Back, Left, Right, Open, Close, Wind, Rewind act as Control Keys.

## **Antenna Used :**

An extendable antenna has been used.
