

## **FCC ID: PSN5107-TX49**

### **Technical Description :**

The brief circuit description is listed as follows :

- XTAL and Q1 and associated circuit act as Local Oscillator.
- Q2 and Q4 and associated circuit act as Mixer and RF Output Amplifier.
- Q3 and associated circuit act as Oscillator Power Controller.
- IC1 and associated circuit act as Encoder.

### **Antenna Used :**

An extendable antenna has been used.
