

2.4G WLAN Channels used in US and/or Canada

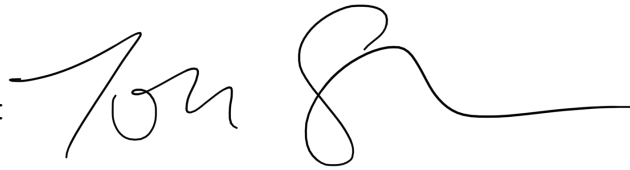

We, GE Lighting declare that this EUT (FCC ID: PUU-CSWDMXXXBWF1NN) doesn't have ad Hoc Mode function on non-US/Canada frequencies. In addition, the frequency selection feature is disabled by firmware for devices marketed to the US/Canada. For DTS part of this device, only channels 1-11 will be used in North America. Country code selection is disabled.

Should you have any questions or comments regarding this matter, Please have my best attention.
