DATE: 10/11/2012

Letter Reference: 12-05332

File No.: 1964/12/01

FCC ID: PXO CBTC-RADIO
Product Name: CBTC-RADIO

Subject: Requirement for Professional Installation of ComTrac Radio

The intended use of the ComTrac Radio is not for the general public. It is for industry/commercial use in Thales Computer Based Train Control (CBTC) systems and cannot be sold retail, to the general public, or by mail order.

The ComTrac Radio requires controlled and professional installation, as the installed unit requires special programming (configuration is based deployment site specific parameters) during system deployment and limited access to programming/configuration must be limited (secure) due to railway safety requirements.

Dated this 15th Day of October 20 12
