President Mr.Sid Sanders

Subject : Requesting the approval for CLASS II permissive change

Gentleman,

We'd like to get the approval for CLASS II permissive change of following product.

- FCC ID : PXWHL711S
- Name of Guarantee : Wooyoung Telecom Co., LTD.
- Product Name : LCD Monitor
- Model Name : HL711S

The change items are listed below and also the re-test report and photos are submitted to you

No	CHANGE		
	Reference	Before	After
1	Power Board	FLF1742-04A	AIP-0139
2	Main Board	HL711S(Scaler IC : TSU16AJ)	HL711S(Scaler IC : TSUM16AL)

In main board, TSUM16AL is one chip which merge MCU and scaler, and is cheaper than TSU16AJ of only scaler function. So we want to change from TSU16AJ to TSUM16AL. Both are same in function, and it is not the function affected by the changes.

It is acknowledged by Wooyoung Telecom Co., LTD that they are going to make both versions.
