

American Telecommunications Certification Body Inc.  
6731 Whittier Ave, McLean, VA 22101

November 28, 2001

RE: Netgear, Inc

FCC ID: PY3HE102

I have a couple of notes on this Application.

- 1.) Please note label must appear on module. Correct and submit new label location information.
- 2.) A letter itemizing all the various parameters satisfied for this module approval was not submitted. Please correct.
- 3.) The antenna listed in the RF Exposure section identifies this as a 6dBi monopole. This seems a bit high. Could you please confirm from manufacturer, or measure antenna gain.

Thanks,

William H. Graff  
President and Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
