Receiver: Federal Communication Commission

Application PY7AC052014

Declaration on Hardware

Sony Ericsson mobile phone Z525a HW A (FCC ID PY7AC052014) uses the exact same hardware as Z520a HW A (FCC ID PY7AC052012). The only difference is the PTT key and color. Therefore the RF reports of Z520a are reused in this filing - for SAR we have submitted new report.

Best regards,

Kenth Skoglund
