The image shows the back of a black Sony Xperia L1 smartphone with its battery cover removed. The battery is a large, rectangular, silver-colored unit with the Sony logo and various technical specifications printed on it. To the right of the battery is a SIM card slot containing a yellow SIM card labeled 'A23U'. Below the battery is a small, rectangular, silver-colored unit, likely the camera module. The phone is placed on a red and white checkered surface.
