RE: FCC ID: PYA BH-905 Request for supercede of original test report

Please allow us to upload a revised test report and supercede the one uploaded on 6/3/09 I will also upload a supercede request letter at that time.

The reason for this request is that the applicant wished to have more system version details added to description page. Our reviewer has confirmed that it is the only change to the test report and has approved the new version.

Thank you
