Radio Transmitter Model 1010 ZeePad

Instruction Manual

Notice to User :

The equipment has been tested and found to comply with the limits for a Class B Digital Device, pursuant to part 15 of the FCC Rules.   These limits are designed to provide reasonable protection against harmful interference in a residential installation.   This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communication.   However, there is no grantee that interference will not occur in a particular installation.

If this equipment dose cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on , the user is encouraged to try to correct the interference by one or more of the following measures :

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is
   connected.

-- Consult the dealer or an experienced radio / TV technician for help.

Notice :

The changes or modifications not expressly approved by GOOD MIND INDUSTRIES CO., LTD.,
could void the user's authority to operate the equipment.

The user should not modify or change this equipment without written approval from GOOD MIND
INDUSTRIES CO., LTD. Modification could void authority to use this
equipment.
