Subject: Request for Confidentiality

FCC ID: PZR-68460

To Whom It May Concern:

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), we are requesting the Commission to withhold the following attachments as confidential document from public disclosure indefinitely:

Schematic Diagram
Block Diagram

Theory of Operation

Above mentioned documents contains detailed system and equipment description are considered as proprietary and critical information that discloses critical details about the design and operation of the equipment. **Public disclosure of these documents listed above might be harmful to the security of the United States of America** because they can help with the development of weapons systems that could be used against the United States. Additionally, the public disclosure of the above documents might be harmful to our company and would give competitor an unfair advantage in the market.

Pursuant to DA 04-1705 of the Commission's Rules, we request short-term confidential treatment for the following information until Nov 27, 2013 of Equipment Authorization in order to ensure sensitive business information remains confidential until the actual marketing of the device:
