<div><p><b>NOTE:</b></p><p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p><ul style="list-style-type: none"><li>Reorient or relocate the receiving antenna.</li><li>Increase the separation between the equipment and receiver.</li><li>Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li><li>Consult the dealer or an experienced radio/TV technician for help.</li></ul><p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p><p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:</p><p>(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p></div> <div>6</div>	<div><p><b>Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.</b></p><div><div><p><b>CAUTION</b></p><p>1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.</p><p>2. For product available in the USA market, only channel 1-11 can be operated. Selection of other channels is not possible.</p></div><p><b>IMPORTANT NOTE:</b></p><p>This module is intended for OEM integrator. The OEM integrator is still responsible for the FCC compliance requirement of the end product, which integrates this module.</p><p>Any changes or modifications not expressly approved by the manufacturer could void the user's authority to operate this equipment.</p></div></div> <div>7</div>	<div><p><b>USERS MANUAL OF THE END PRODUCT:</b></p><p>The end user has to also be informed that any changes or modifications not expressly approved by the manufacturer could void the user's authority to operate this equipment. If the size of the end product is smaller than 8x10cm, then additional FCC part 15.19 statement is required to be available in the user manual. This device complies with Part 15 of FCC rules. Operation is subject to the following two conditions:</p><p>(1) this device may not cause harmful interference and</p><p>(2) this device must accept any interference received, including interference that may cause undesired operation.</p><p><b>This Class B digital apparatus complies with Canadian ICES-003.</b></p><p>Cet appareil numérique de la classe B conforme à la norme NMB-003 du Canada.</p><p>Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.</p><p>For product available in the USA/Canada market, only channel 1-11 can be operated. Selection of other channels is not possible.</p><p>This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.</p><p>To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p) is not more than that permitted for successful communication.</p><p><b>End Product Labeling</b></p><p>The final end product must be labeled in a visible area with the following:</p><p>* Contains FCC ID:Q20-MS8558 *</p></div> <div>8</div>
