

## 4.2 Internal and External Photos

Due to the operational nature of the device, the external and internal of the device are the same. This is the actual device contained within the packaging/enclosure.

Figure 4.2a shows the indicated region for FCC Labeling along with the internal photo of the top of the EUT. Figure 4.2b is a blow-up of the FCC product label and Figure 4.2c is the internal photo of the bottom of the EUT.
