**Note:**

—Top half of Item 10 to be wrapped

The Radio Exposure Statement will not be part of the label but will be included in the Installation Guide due to the following reasons:

1. Small size board and plastic enclosure.
2. The board is mounted on top of a mother board are enclosed in a metal box, see illustration below.
3. The metal box is covered with plastic body therefore the radio board will not be seen by the user.
