## Overview

This application is for a Class 2 permissive change to FCC ID: Q3E-MB-R1G1 in order to supersede the previous cover letter and operational description, which referenced a UHF RFID tag. The RFID tag reference was for information only and not part of the filing. Nothing has changed in the certified product. Only the operational description has changed.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

## Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.

## Signature
