13856 Aix-en-Provence
Cedex 3 - France

April 13, 2005

We the undersigned hereby certify that, the M300-2G satisfies the 5 points below:

1. The modular transmitter has its own RF shielding like is showed on datasheet.
2. The modular transmitter has buffered modulation/data inputs to ensure that the module will comply with Part 15 requirements under conditions of excessive data rates or over-modulation.
3. The modular transmitter has its own power supply regulation.
4. The antenna is employing a "unique" antenna coupler (at all connections between the module and the antenna, including the cable).
5. The modular transmitter is tested in a stand-alone configuration, i.e., the module is not be inside another device during testing.

Sincerely,

INSIDE CONTACTLESS
Mr Adel HAMZA
Hardware Operation Manager

A handwritten signature in black ink, appearing to read 'Hamza', with a long horizontal stroke extending to the right.
