Re: Tuning Procedures for the Model FS71C-85
FCC ID: ~~Q4VFS71C-85~~ Q4VFS71C-85

This letter is to clarify the Tuning Procedure for our Model FS71C-85, Narrowband Class A Signal Booster, as shipped from our factory ready for installation. There are no tuning elements which the customer is required to adjust. All and any tuning is sealed with final adjustments made at our factory prior to shipping.

Regards,

Alfred F. Boschulte
