To Whom It May Concern

Dear Sirs,

26/Sept 2006

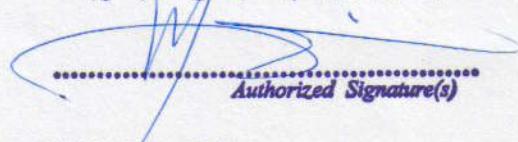

Equipment : FCC ID :Q4X-HHTU1 MT16U/308SU  
FCC Rules : Part 90 LMR UHF Transceiver

We, the manufacturer of the captioned equipment, hereby declare as follow :

1. The frequency programming capability of the unit is defined by the software capabilities and the manufacturer and/or dealer. Programming each radio to operate on approved frequencies only as requested by the end user. No user defined external control programming functions are available which allow the unit to operate outside the approved frequencies of operation.
2. The TLC-19 and TLC-20 carrying case are just vinyl cover to protect the radio. The belt clip used during the testing is the clip on the battery pack.
3. The unit demonstrates compliance to the RF exposure requirements of 2.1093 for occupational use as the SAR test report demonstrates.
4. The unit submitted for FCC testing is a production unit.

Yours truly,

For and on behalf of
