Subject: ViVOtech, Inc., FCC ID: Q55VIVOPAYDINE, Assessment NO.: AN06T6368, Notice#1

Question #1: The test report shows the device passed Class A limit in 140-1000MHz band, but the user's manual indicates the device "complies with the limits for a Class B digital device, pursuant to Part 15 of FCC rules", which is not the case. Please update the manual.
<answer>manual is revised.

Question #2: Please revise the manual to add user information as specified in FCC15.21.

<answer>manual is revised.

Question #3: The test report shows a limit of 42dBuA/m, please convert to dBuV/m, as required by FCC 15.225.

<answer>report is revised.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
