

RCP 915 RF label

PALFINGER

The label for the RCP 915 RF is defined as follows:

- The artikel number (Art. No.) specifies which component (Base-Station or Mobile-Unit) the RCP 915 RF is programmed for.
- The serial number (S. No.) consists of the year, week and a running number (yyyywwxxxx).

RCP 915 RF label

PALFINGER

The label for the RCP 915 RF is placed at the bottom side of the module:
